

City of Brea

COUNCIL COMMUNICATION

TO: Honorable Mayor and City Council Members

FROM: Bill Gallardo, City Manager

DATE: 04/05/2022

SUBJECT: Determination of Election Sequence for By-District City Council Elections; and Introduction of Ordinance No. 1225, Establishing a By-District System for City Council Elections

RECOMMENDATION

It is recommended that the City Council do the following in connection with the proposed transition to a by-district election system:

1. Approve a motion to select the sequence of district elections.
2. Approve a motion to introduce Ordinance No. 1225, adding Chapter 2.32 (City Council Districts) to the Brea City Code and making a CEQA exemption determination, by title only and waive further reading.

BACKGROUND/DISCUSSION

The City of Brea currently uses an “at-large” election system, in which all voters in the City have the opportunity to vote for candidates for all five (5) seats on the City Council. City Council candidates may reside anywhere in the City, and they each provide citywide representation. A by-district election system is one in which the City is physically divided into voting districts, each with one (1) council member who resides in the district and is chosen by the electors residing in that particular district.

On May 6, 2019, the City of Brea received a notice letter from Shenkman & Hughes, P.C. (“S&H”) alleging that the City’s at-large election system violates the California Voting Rights Act (“CVRA”). The City and S&H subsequently executed an Extension Agreement, in which S&H agreed to refrain from filing a CVRA action as long as the City took specified steps to transition to by-district elections. In accordance with the Extension Agreement, on June 20, 2019, the City Council adopted Resolution No. 2019-049, declaring its intent to transition from at-large elections to by-district elections for City Council.

Pursuant to Resolution No. 2019-049, the City Council intends to consider adoption of an ordinance to transition to by-district elections in accordance with applicable laws, including Government Code Section 34886 and Elections Code Section 10010. Resolution No. 2019-049 directed staff to work with the City Clerk, City Attorney, a demographer, and other appropriate consultants as needed, to provide a detailed analysis of the City’s current demographics and any other information or data necessary to prepare a draft map that divides the City into voting districts in a manner consistent with the intent and purpose of the CVRA and the Federal Voting

Rights Act (“FVRA”). After conducting a Request for Proposals, on July 20, 2021, the City Council approved a Professional Services Agreement with National Demographics Corporation (“NDC”) for Electoral Districting Services. NDC has provided the City with results from the 2020 United States Census, as well as other City demographics, which provide critical information needed to create voting districts. To transition to by-district elections, the City is required to conduct four (4) public hearings before the final map adoption, which would be due to the Orange County Registrar of Voters by April 17, 2022:

- At least two (2) public hearings before maps are drawn, within a 30-day period
- At least two (2) public hearings after maps are drawn, within a 45-day period
- Ordinance introduction to establish by-district elections and adopt map
- Ordinance adoption at a regular or adjourned regular meeting

In addition to considering public input received during the public hearings, the City must ensure compliance with the following rank-ordered, state-and federally-mandated criteria in the following order of priority:

Federal Criteria for Cities:

1. Each council district shall contain a nearly equal population as required by law; and
2. Each council district shall be drawn in a manner that complies with the FVRA. No council district shall be drawn with race as the predominant factor in violation of the principles established by the United States Supreme Court in *Shaw v. Reno*, 509 U.S. 630 (1993), and its progeny.

California Criteria for Cities:

1. Geographically contiguous
2. Undivided neighborhoods and “communities of interest” (socio-economic geographic areas that should be kept together)
3. Easily identifiable boundaries
4. Compact (do not bypass one group of people to get to a more distant group of people)

Other Traditional Districting Principles:

1. Respect voters’ choices / continuity in office
2. Future population growth

Project Timeline Summary

Step	Description
Resolution of Intent June 20, 2019	Council approves resolution of intent to switch to district elections.
Informational Session July 20, 2021	Kick-off meeting following 2020 Census to introduce process and consultant, launch outreach.
Data Release September 2021	Census Bureau releases official 2020 Census population data in August; California Statewide Database releases official 'prisoner-adjusted' 2020 redistricting data in September.
Initial Public Hearings September 27 & October 27, 2021	Held prior to release of draft maps. Education and to solicit input on the composition of districts.
First Public Workshop January 12, 2022	Additional session on using the tools and learning about the districting process, with time for questions and discussion.
Release draft maps January 25, 2022	Maps must be posted at least 7 days prior to 3 rd hearing.
Public Hearings on Draft Maps February 1 & 23, 2022	Two meetings to discuss and revise the draft maps and to discuss the election sequence.
Second Public Workshop February 12, 2022	Additional session to view and discuss the draft maps and election sequence.
Fifth Public Hearing March 23, 2022	City Council held an additional public hearing and selected a district map.
Ordinance Introduction April 5, 2022	City Council to determine the district election sequence and introduce Ordinance No. 1225.
Ordinance Adoption By April 17, 2022	City Council to adopt Ordinance No. 1225 at an adjourned regular meeting.

Public Hearings #1 & #2

The City Council held pre-draft map public hearings on September 27, 2021 and October 27, 2021 to receive public input regarding the composition of the district maps and any potential communities of interest. At Public Hearing #2, NDC provided paper map kits and demonstrated

how to use online mapping tools available for the community to use to indicate how they think the district lines should be drawn. Maps received from members of the public were collected and provided to City Council for consideration at Public Hearing #3.

First District Mapping Workshop

On January 12, 2022, the City and NDC hosted its first District Mapping Workshop, both in person at the Brea Community Center and on Zoom. The purpose of this workshop was to gather additional public feedback on how the districts should look and to provide further education to residents on how to draw and submit their own draft voting district maps using the various mapping tools.

The deadline for members of the public to submit their maps for consideration at Public Hearing #3 was January 21, 2022. This deadline was necessary to comply with state law, which requires that all draft voting district maps are to be posted at least seven (7) days in advance of Council consideration at a public hearing.

Public Hearing #3

Prior to Public Hearing #3, staff received a total of seventeen (17) draft voting district maps for Council consideration. Of that total, fourteen (14) maps were received from members of the public and three (3) maps and suggested sequences of elections were prepared by NDC. NDC indicated that three (3) of the fourteen (14) maps from the public — Map 110, Map 111, and Map 114 — did not meet the legally-mandated criteria, and NDC noted the defect(s) on the respective submissions.

On February 1, 2022, the City Council held Public Hearing #3 and received a report from NDC related to the draft maps and suggested election sequencing. After receiving public testimony, the City Council selected five (5) focus maps: Map 103, Map 108, Map 115, Map 116 and Map 117. In addition, Council directed NDC to make specific outlined changes to Map 106 and bring the modified Map 106 back to the next public hearing for deliberation.

During the hearing, staff reported that three (3) draft maps were received from the same member of the public prior to Public Hearing #3, but after the submission deadline. As such, these three (3) draft maps were not permitted to be considered by the Council at Public Hearing #3. Staff indicated that these three (3) draft maps and the modified Map 106 would be brought back to the next public hearing.

Second District Mapping Workshop

On February 12, 2022, the City held its second District Mapping Workshop both in person at the Brea Community Center and on Zoom. This workshop was held on a Saturday to accommodate members of the community who may not have the opportunity to participate during the week. During the workshop, Dr. Justin Levitt from NDC presented an overview of the districting process to date, as well as the focus maps being considered by the City Council. The large focus maps were available for the public to view in detail, and materials were provided for community members to make comments on specific areas of the maps. This workshop also gave community members an opportunity to ask questions and discuss the maps collectively. The public feedback collected at this workshop is provided as an attachment to this staff report.

Public Hearing #4

The map submission deadline for consideration at this public hearing was February 14, 2022. Four (4) additional draft maps were published on the City's website in accordance with legal requirements in advance of this public hearing. These maps included the three (3) previously mentioned public maps, which were received after the first map submission deadline: Map 119, Map 120 and Map 121; along with the modified Map 106, which was referred to as Map 118. No other maps from the public were received.

In addition to outlining the proposed voting districts, each of the maps also identified NDC's suggested election sequencing. In accordance with legal requirements, there must be three (3) districts up for election in 2022 and two (2) districts up for election in 2024.

During Public Hearing #4 on February 23, 2022, the City Council received public testimony and discussed the additional four (4) draft maps, along with the five (5) focus maps selected at the previous public hearing. After deliberation, the City Council selected two (2) new focus maps, Map 117 and 118, to continue considering at the next public hearing; and directed staff to continue community outreach to gauge the public's thoughts on the transition to by-district elections and which of the two (2) focus maps they prefer.

Public Hearing #5

During Public Hearing #5 on March 23, 2022, staff provided a presentation on community outreach efforts. NDC also provided a presentation on the districting process and an overview of the two focus maps, Map 117 and Map 118. The City Council received additional public testimony and selected Map 117 for inclusion in Ordinance No. 1225.

Community Outreach

To engage the community in the districting process, staff have conducted a full marketing campaign since September 2021. These efforts include the following:

- Publication of notices translated in Spanish and Korean in *The Star Progress*, *Excelsior California*, and *The Korea Daily* prior to each public hearing
- Creation of a dedicated webpage: cityofbrea.net/districting
- Promotion of articles on Districting as the "Top Story" on the City's website
- Mailing of postcards to every residence in Brea outlining the project's timeline and opportunities to get involved
- Display of large promotional posters at six (6) bus shelters strategically-located throughout the City for three (3) months (totaling 521,301 average target in-market impressions)
- Display of large promotional posters at four (4) large kiosks in Downtown Brea
- Creation of a Frequently Asked Questions (FAQ's) answering nineteen (19) key questions for the community
- Posting of print signage posted at three (3) City facilities: Civic & Cultural Center; Community Center; and Senior Center
- Announcements at City Council, Commission, and Committee Meetings
- Mailing of over 11,330 Promotional Flyers with Water Bill Statements
- Distribution of Informational Letter to Brea businesses
- E-mail sent to 143 key Community Group Leaders & Stakeholders
- Addition of informational articles to various newsletters, including as the cover of the two

most recent Brea Line Newsletters (Mailed to 20,267 residences)

- Addition of many featured articles to monthly Brea Online Newsletters (1,093 subscribers)
 - Addition of articles in the City Manager's Reports (407 recipients)
 - Promotion on Brea TV/the City's Cable Channel
 - Information table at Taste of Brea event on October 7, 2021
 - Held two District Mapping Workshops both online and on Zoom
 - Social media posts across various platforms, including:
 - Facebook (ranging from 232-1,128 impressions* per post),
 - Twitter (ranging from 374-845 impressions* per post)
 - Instagram (ranging from 220-2,595 impressions* per post), and
 - Nextdoor (ranging from 661-805 impressions* per post)
- *Impressions are defined as the number of times content has been seen

At Public Hearing #4, the City Council directed staff to conduct additional community outreach and engagement to highlight the final two (2) focus maps (Map 117 and 118), and to gauge the public's thoughts on the transition to by-district elections. As part of these efforts and per City Council's direction, staff created an Electronic Feedback Form which was posted on the City's website on March 1 and remained available through March 20. Staff conducted the following outreach to promote the Electronic Feedback Form:

- Staff presentation at the Senior Center to over 100 participants on February 25, 2022 and distributed printed hard-copy Feedback Forms
- Information table at Movies Under the Stars at the Civic & Cultural Center on March 12, 2022
- Direct mailers to 628 businesses, residents and property owners in the overlap areas between Maps 117 and 118
- E-mail letter sent to 5,899 businesses
- E-mail sent to Brea Olinda Unified School District (BOUSD) families on behalf of the City
- Additional e-mail sent to 143 key Community Group Leaders & Stakeholders
- QR Codes and printed Feedback Forms displayed at the Brea Community Center, as well as during the Spring Craft Boutique
- Informational video created and posted on the City's website and played on-loop on Brea TV every half-hour and on social media platforms
- Social media posts across various platforms, including:
 - Facebook (305 impressions per post),
 - Twitter (302 impressions per post)
 - Instagram (549 impressions per post), and
 - Nextdoor (355 impressions per post)

Electronic Feedback Form Results

On March 1, 2022, staff published an Electronic Feedback Form on the City's website and began a public outreach campaign aimed at engaging the community by receiving direct feedback via the online form. The Electronic Feedback Form asked three (3) questions related to the final two (2) focus maps, Maps 117 and 118, as well as how by-district elections will impact the community overall. Staff received a total of 145 responses to the Electronic Feedback Form as of Thursday, March 17. The full list of responses received are attached.

As of March 17, 2022, a summary of survey feedback is outlined below:

- Results from Questions 1 and 2:
 - 141 respondents answered question one, “Which map do you prefer?”. Of the 141 responses, 67 individuals indicated that they preferred focus Map 117. When asked in question two, “How would your neighborhood benefit from either map?”, these respondents indicated that Map 117 contains easier-to-identify boundaries such as the 57 freeway; keeps neighborhoods intact; allows for better representation; is more simplified; is more compact; and keeps the community more cohesive.
 - 31 respondents indicated they preferred focus Map 118 because they feel it better balances potential economic disparities between residential areas; splits the commercial/retail areas more evenly between districts; keeps neighborhoods intact;
 - 22 respondents indicated that neither map is preferred.
 - 21 respondents selected the option that either map would be preferred.

- Results from Question 3:
 - The final question on the Electronic Feedback Form asked, “Overall, how do you think by-district elections will impact you?”. Staff received a variety of responses to this question, including those who indicated they feel districting will have negative, positive, minimal, unknown, or no impacts. Several respondents commented on the impact of by-district elections on the number of votes they will have in City Council elections, while others felt transitioning to by-district elections will result in better representation. The full responses can be found in the attached “Electronic Feedback Form Results.”

Next Steps

At this time, staff is recommending the City Council select the district election sequence and introduce Ordinance No. 1225. The ordinance will add Chapter 2.32 to the Brea City Code to establish a by-district election system for City Council Members, specify the district election sequence, and adopt Map 117 as the Official Council District Map.

FISCAL IMPACT/SUMMARY

No fiscal impact.

RESPECTFULLY SUBMITTED:

William Gallardo, City Manager

To Whom It May Concern,

I live in Brea on _____ I would like to provide my preference for the new maps. I believe that out of the two, Map 118 (modified 106) would demonstrate more diversity for the different districts, resulting in a more fair election process.

Thank you in advance for you invitation to have a voice. If you have any questions or need more information, please feel free to reach me via email or by cell phone at _____

Sincerely,
Leah

Leah Brew (she/her), Ph.D., CCMHC, NCC

“Not everything that is faced can be changed, but nothing can be changed until it is faced.” (James Baldwin [1962], essay in the NY Times)

Brea currently uses an at-large election system, in which all voters in the City have the opportunity to vote for candidates for all five seats on the City Council. City Council candidates may reside anywhere in the City and they each provide city-wide representation. A by-district election system is one in which the City is physically divided into voting districts, each with one Council Member who resides in the district and is chosen by the electors residing in that corresponding district.

TIMELINE:

May 2019 – Brea received a notice letter from Shenkman & Hughes, P.C. (S&H), alleging that the City’s at-large election system violates the California Voting Rights Act (CVRA)

June 2019 – Brea entered into an Extension Agreement with S&H and adopted a Resolution declaring its intent to transition to by-district elections after the 2020 Census

September & October 2021 – Census results were released and Brea held two (2) Public Hearings to provide community education and to solicit input on the composition of the districts

January & February 2022 – Public workshops were held to educate the community on the map drawing tools and learn about the districting process. Draft maps were released, and discussions began to revise them.

February 2022 – Brea held two (2) Public Hearings to discuss and revise the draft maps and select focus maps

By April 17, 2022 – A final map needs to be adopted via ordinance

How Do You Think By-District Elections Will Impact You?

No impact, nothing changes

What Do You Think About These Two Focus Maps?

No different,

Would Your Community Benefit From Either Map?

No benefit.

We Value Your Input!

Brea currently uses an at-large election system, in which all voters in the City have the opportunity to vote for candidates for all five seats on the City Council. City Council candidates may reside anywhere in the City and they each provide city-wide representation. A by-district election system is one in which the City is physically divided into voting districts, each with one Council Member who resides in the district and is chosen by the electors residing in that corresponding district.

TIMELINE:

May 2019 – Brea received a notice letter from Shenkman & Hughes, P.C. (S&H), alleging that the City’s at-large election system violates the California Voting Rights Act (CVRA)

June 2019 – Brea entered into an Extension Agreement with S&H and adopted a Resolution declaring its intent to transition to by-district elections after the 2020 Census

September & October 2021 – Census results were released and Brea held two (2) Public Hearings to provide community education and to solicit input on the composition of the districts

January & February 2022 – Public workshops were held to educate the community on the map drawing tools and learn about the districting process. Draft maps were released, and discussions began to revise them.

February 2022 – Brea held two (2) Public Hearings to discuss and revise the draft maps and select focus maps

By April 17, 2022 – A final map needs to be adopted via ordinance

How Do You Think By-District Elections Will Impact You?

<hr/>

What Do You Think About These Two Focus Maps?

Would Your Community Benefit From Either Map?

I think that new people would run for council if they the present council doesn't live in the district.

We Value Your Input!

Districting Brea

Like many cities in our region, Brea is faced with developing a voting district map for use during future City Council elections. In order to comply with the California Voting Rights Act and avoid facing a costly lawsuit, Brea is seeking community input to determine how to best map by-district election boundaries.

Background

Currently, Brea uses an at-large election system, in which all voters in the City have the opportunity to vote for candidates for all five seats on the City Council. City Council candidates may reside anywhere in the City and they each provide city-wide representation. A by-district election system is one in which the City is physically divided into voting districts, each with one Council Member who resides in the district and is chosen by the electors residing in that corresponding district.

Maps

Since then, the City has conducted extensive community engagement to solicit feedback and to collect draft maps drawn by members of the public. Of the 22 draft maps received, the City Council has selected two focus maps, Map 117 and Map 118.

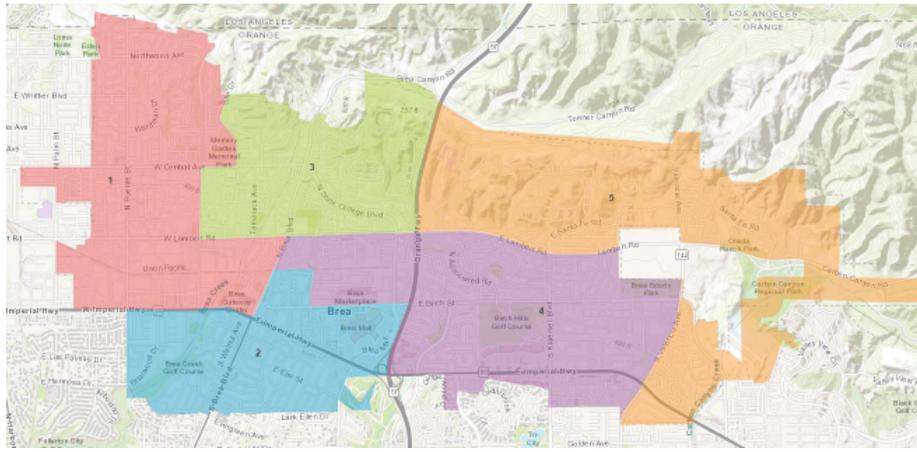

It's not too late to be part of the process!

Maps 117 and 118 are provided below for your input. For your convenience, the differences in the two maps are also highlighted below.

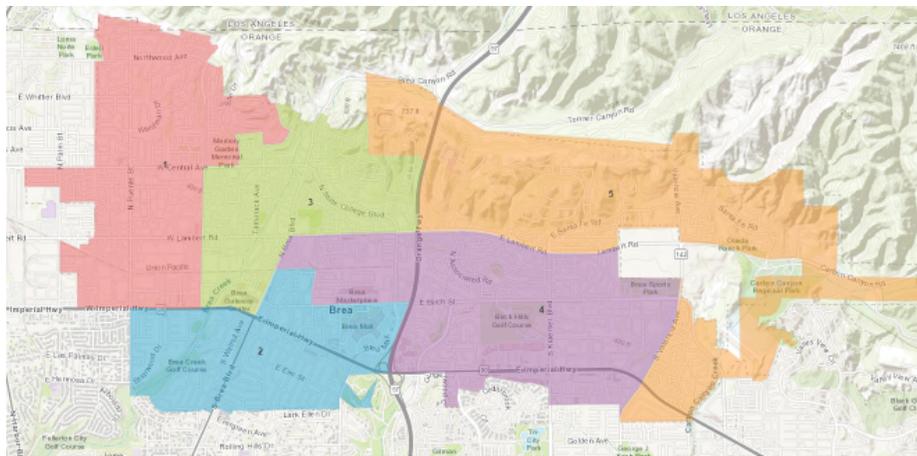

1. Which map do you prefer?

- Map 117
- Map 118
- Either Map
- None

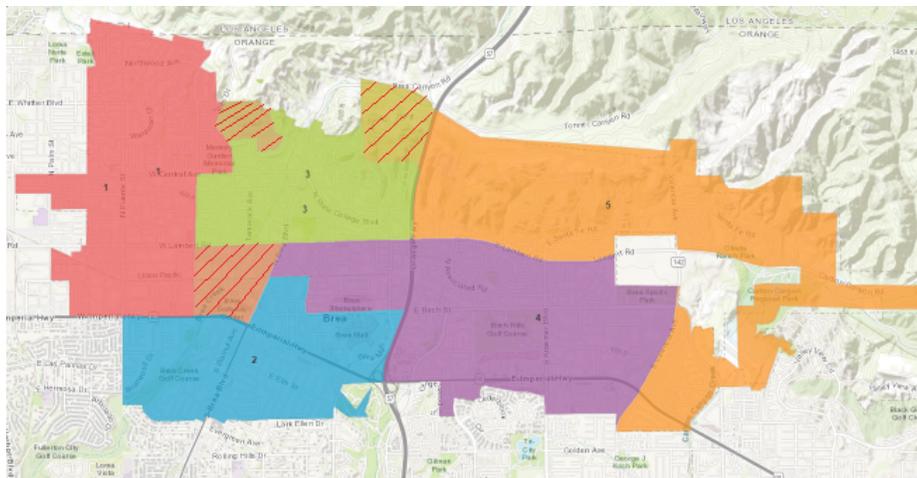

Map 117

Map 118

Here are Maps 117 & 118 overlapped to view the differences.

For a larger view of the maps, click [here](#).

2. How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

3. Overall, how do you think by-district elections will impact you?

* 4. Contact information

Q1 **Map 117**

Which map do you prefer?

Q2
How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

The differences between 117 and 118 are subtle, and there's probably no "perfect" map. But the districts in 117 appear to be more compact/less gerrymandered.

Q3
Overall, how do you think by-district elections will impact you?

Would make it easier to run for city council.

Q1 Respondent skipped this question

Which map do you prefer?

Q2
How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

It wouldn't benefit from being a segment of the city.

Q3
Overall, how do you think by-district elections will impact you?
Dividing the city into districts will water down the voice of our citizens. It's unnecessary and divisive. It won't be long before [insert district nickname here] has more influence than others, or some politician rents a fake address there to be able to run to represent it.
There was nothing wrong with the undistricted system. Who is asking for this, and what/how do they stand to gain from it?

Q1 **Map 117**

Which map do you prefer?

Q2
How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

My neighborhood is not split in either map so same benefit for both maps.

Q3
Overall, how do you think by-district elections will impact you?
Less of a say over who is on the council. May be harder to get difficult issues dealt with by city (homeless, affordable housing) - just look at City of Los Angeles - can't get homeless shelters built or affordable housing as all council members seem to veto them.

Q1 **Map 118**

Which map do you prefer?

Q2
How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

The maps are very close. I favor 118.

Q3
Overall, how do you think by-district elections will impact you?
By-district elections will better serve the geographical area whose common interests will be represented by an official familiar with his constituents' feelings.

Q1 **None**

Which map do you prefer?

Q2
How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I don't see that districting is beneficial at all to either or neighborhood or our city.

Q3
Overall, how do you think by-district elections will impact you?
I disagree fully with this whole ridiculous idea! Our city is small. How does chopping it up and limiting our voting benefit Anyone. Just dumb.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

We live in district 2, which is the same on both maps, so there is no difference.

Q3

Overall, how do you think by-district elections will impact you?

I think it's a good idea, giving voters a more direct voice in who represents their interests on the City Council. I'm curious to know where the current council members reside and how the circumstance of two council members living in the same district will be handled. Also, how will we prevent candidates from setting up "dummy " residences in order to run for office in a district where they don't really live.? This has been done in neighboring cities.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

District 5 is more devoted to the east end of the city and they have specific issues.

Q3

Overall, how do you think by-district elections will impact you?

I think it will reduce the progress the city will accomplish since each council person will be working more for their respective district than the city as a whole.

Q1

Map 118

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

For District 1, Map 118, I assume (can't say for sure) it would include residents who are long time brea residents than down south by central avenue. So, my neighborhood will be represented by people who know and care more about our city and our area. This is just my assumption based on my observation of the area.

Q3

Overall, how do you think by-district elections will impact you?

More carpetbeggars assigned by the party or otherwise to move in for political reasons. These people don't know or care about the area. It's all about power and control.

Q1 Either Map

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I live in the La Floresta community. Neither map affects me. However for future use, in 5 years our community will further develop in north East due to the addition of a projected 1,000 single family homes . This addition will require foresight regarding new campus development which is my biggest concern.

Q3

Overall, how do you think by-district elections will impact you?

Please see previous answer that includes this.

Page 1

Q1 **None**

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I live in District 4. The proposed District 4 should not go West of the 57 freeway.

Q3

Overall, how do you think by-district elections will impact you?

If the districts are completed correctly, it could more accurately follow the demographics of each area. Therefore, District 4 should not go West of the 57 freeway. Areas West of the 57 freeway are completely different types of neighborhoods and businesses with different wishes/needs than East of the 57 freeway.

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

This splits the commercial/retail areas up more evenly between at least 2 districts so one council member wouldn't be disproportionately influenced by commercial versus residential interests

Q3

Overall, how do you think by-district elections will impact you?

not sure i like it although it does make it clearer who to reach out to as your district representative, but it also makes each one more susceptible to special influences in their district

Q2

Respondent skipped this question

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

Q3

Overall, how do you think by-district elections will impact you?

I believe it will separate our city from one community to "Sections". So now we get to say well I live in north central Brea and you live in south Brea. You are separating the town into 5 sections this divides our community. How are you going to insure we each get and equal share of Brea's budget?? We don't need more division in an already divisive time. The only good is our council member will reside in our area and understand our issues.

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I live in the green area and think the surrounding neighborhoods would benefit from map 117 as it encompasses most of their home school neighborhoods

Q3

Overall, how do you think by-district elections will impact you?

I personally don't like it as you don't necessarily get the most qualified people on the school board for the city you just get the "best" in that specific area. I don't see it being a good thing for Brea or in the best interest of the students and families.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

Traffic concerns around Imperial Hwy and Brea Blvd could be discussed. Economic growth and development in Downtown Brea can be discussed, but I don't like that Downtown Birch Street is split up. There are shared interests across Brea Blvd.

Q3

Overall, how do you think by-district elections will impact you?

Very much! There may not be well-qualified candidates that live in my district. I don't think any of the current council members live in my district. But Brea is small so it's easy to figure out what the issues are no matter where you live. I don't like the idea of special interest groups behind the California Voting Rights Act imposing their will on areas they know nothing about. This could rule out the best-qualified candidates from running for city council or it could pit two very well qualified candidates against each other. Let the best candidates have a chance to run, no matter where they live within Brea.

Q1 **None**

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I think the individuals should vote for all the members.

Q3

Overall, how do you think by-district elections will impact you?

I think this is divisive for the community. People should learn to listen to one another and live with compromise in the community. That is how voting and democracy functions. I do not like seeing vulgar displays across the street from my children's schools when someone's candidate loses. I do not want to see this kind of embarrassing behavior trickle down to the local level. People should civilly express their opinions and vote.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

Map 118 bifurcates our neighborhood (Arrow Wood Drive) from the rest of our neighbors immediately to the south. I think it would preferable to keep the neighborhood intact.

Q3

Overall, how do you think by-district elections will impact you?

I'm concerned this will engender more factionalism in local politics.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

My neighborhood (Valencia and Imperial) would benefit from having a representative who is devoted to a smaller area. Orange area being the biggest area would be a even bigger area under 118. There will be a lot of new constructions in the Orange in the coming year. We will need a city council who can be held responsible for this area and can speak on our behalf.

Q3

Overall, how do you think by-district elections will impact you?

It will enable me to focus on the candidates who will have our best interest in mind.

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I'm on that loop that is Tamarack and I know that my neighborhood leans a little more conservative. I know the neighborhood south of us runs a little more liberal. I would like districts that are close to 50% so that the elections would be more representative of what people want, rather than having districts that lean more in one direction. I think map 118 does this slightly better than 117 based upon what I've seen how people have voted in recent elections.

Q3

Overall, how do you think by-district elections will impact you?

I expect that the by-district elections will help most with local politics.

Q3
Overall, how do you think by-district elections will impact you?

I don't live in Brea, but I work there and I am absolutely opposed to by-district elections. The city is too small to need this. It will cause more friction amongst the residents and businesses and divide instead of unite the city. Additionally, I think district elections will alienate people and keep them from voting. It will make it harder for those who struggle with mobility issues to vote as well. In the past you could vote anywhere in the city making it easy to vote no matter where you lived or worked.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

More representation and diversity is better for politicians being fairly elected.

Q3

Overall, how do you think by-district elections will impact you?

I think it will be better for our City. Brea seems to be a small wealthy city where politicians don't think things go noticed.

Page 1

Q1

Map 118

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I think that Map 117 appears to better represent low-to-mid income residences in Brea, and groups commercial areas and higher income areas with others like it.

However, the impacts of redistricting this way might lead to economic disparities that negatively impact lower income residents. So, it is probably beneficial to my neighborhood (District 3), as well as to District 1, to include some of the industrial areas and mid-to-high income residences in our districts, making it more difficult to isolate lower-income neighborhoods. By making it more difficult to isolate lower income neighborhoods by district, it should help to avoid conditions that negatively impact only lower-income households. I think that Map 118 may be a better choice for reducing the negative long-term impacts of income disparities for lower income residents.

Q3

Overall, how do you think by-district elections will impact you?

I think by-district maps may provide a better chance for accurate representation in city decision-making, but this also carries impact in other ways, especially those related to funding-by-district issues.

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

We should act as a city, not by neighbours which are similar like tribes, it is not good.

Q3

Overall, how do you think by-district elections will impact you?

We can't get the best people to the board, in stead it will hurt our city.

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

NO neighborhood nor resident in Brea would benefit from such deliberately divisive and discriminatory "districting". We already have "districting" in California: it's called "city limits"

Q3

Overall, how do you think by-district elections will impact you?

NO neighborhood nor resident in Brea would benefit from such deliberately divisive and discriminatory "districting". We already have "districting" in California: it's called "city limits". This establishes a very dangerous precedent which will only result in lowering the quality of life in Brea as "district" neighborhoods decline, but will still get to send a representative to the Council, even if that representative gets only 2 votes in that district. Why stop at 5 districts? Why not 10, or 50, or by individual blocks? Absurd, right? With the demonstrated increases in the means and methods to interfere in voting procedures, this divisive system will only gravitate to the lowest common denominator in political control of the lives of all Brea residents. Instead of kowtowing to the woke extremist social-engineering zealots, don't cave to the threats of politically motivated lawsuits, and leave the system as it is, and as it was APPROVED by all voters in Brea. This is extremely disingenuous to FORCE this system on your Brea constituency by offering only TWO choices: re-district or re-district; which is NO CHOICE at all. Re-send this so-called "survey" with the THIRD CHOICE: NO RE-DISTRICTING, and see what kind of truly democratic "representative government" response you get.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

My cross streets are Site , Central, and Tamarack. I think map 118 divides up our neighborhood more, while 117 retains it. Site is a better dividing line.

Q3

Overall, how do you think by-district elections will impact you?

Now, I can vote for two or three candidates, depending on the number of open seats. District elections limits my voice because I can only vote for one person and if the seat for my District isn't open, I can't vote at all.

Q1

Map 117

Which map do you prefer?

Q2

How would your neighborhood benefit from either map? (If discussing details of your neighborhood, please include cross streets).

I'm a business owner doing business near Brea Blvd. and Fir Street. (In the Blue district). It would be more helpful if the maps included other details, such as the number of households (i.e. votes). Otherwise, the maps are pretty meaningless, because you're just dividing the city without any reason or rationale given.

Q3

Overall, how do you think by-district elections will impact you?

Potentially negatively, as it seems the blue district (where I am located) consists mostly of businesses, a golf course, and the mall. So, at least from the appearance of things on the map, we would not have very many votes, compared to residential-heavy districts.

ORDINANCE NO. 1225

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BREA ESTABLISHING A BY-DISTRICT SYSTEM FOR CITY COUNCIL ELECTIONS, AMENDING THE BREA CITY CODE, AND MAKING A DETERMINATION OF EXEMPTION PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT

THE CITY COUNCIL OF THE CITY OF BREA DOES ORDAIN AS FOLLOWS:

A. RECITALS:

(i) On May 6, 2019, the City received a claim alleging that the City's at-large election system violates the California Voting Rights Act (Elections Code Section 14025 et seq.).

(ii) On June 20, 2019, the City Council adopted Resolution 2019-049 declaring its intent to transition from at-large elections for City Council to by-district elections for City Council after receipt of the 2020 Census results.

(iii) Upon receipt of the 2020 Census results, in accordance with Elections Code Section 10010, the City held two public hearings before the drawing of potential voting district maps (on September 27, 2021 and October 27, 2021) and two public hearings after the drawing of potential voting district maps (on February 1, 2022, and February 23, 2022).

(iv) The City exceeded state law requirements by also holding two district mapping workshops (on January 12, 2022 and February 12, 2022).

(v) The Council District Map set forth in the attached Exhibit A is compliant with the criteria specified in Elections Code Section 21601.

(vi) This Ordinance's change in the method of electing City Council Members is being made in furtherance of the purposes of the California Voting Rights Act.

April __, 2022
ORD. NO. 1225

B. ORDINANCE:

SECTION 1. Code Amendment. Title 2 (Administration and Personnel) of the Brea City

Code is amended by adding a new Chapter 2.32 to read as follows:

“CHAPTER 2.32: CITY COUNCIL DISTRICTS

Section

- 2.32.010 Voting Districts Established.**
- 2.32.020 Election of City Council Members by District.**
- 2.32.030 Commencement of District Elections.**
- 2.32.040 Redistricting.**

§ 2.32.010 VOTING DISTRICTS ESTABLISHED. Five City Council voting districts are established in the City of Brea. The boundaries and identifying number of each voting district shall be as described on the official “Council District Map” on file in the Office of the City Clerk.

§ 2.32.020 ELECTION OF CITY COUNCIL MEMBERS BY DISTRICT.

A. City Council Members shall be elected “by district” as defined in Government Code Section 34871. A person shall not be eligible to be elected to hold office as a City Council Member unless he or she satisfies all of the following criteria: (i) is otherwise qualified as required by law; (ii) resides in the geographical area making up the voting district from which he or she is nominated to be elected; and (iii) is a registered voter of the City at the time nomination papers are issued to him or her as provided in Elections Code Section 10227.

B. Registered voters signing nomination papers or voting for a City Council candidate shall be residents of the geographical area making up the voting district from which the City Council Member is to be elected.

§ 2.32.030 COMMENCEMENT OF DISTRICT ELECTIONS.

April __, 2022
ORD. NO. 1225

A. Commencing with the general municipal election in November 2022, the voters in Council District Nos. [REDACTED], [REDACTED], and [REDACTED] shall elect City Council Members by district for full four year terms.

B. Commencing with the general municipal election in November 2024, the voters in Council District Nos. [REDACTED] and [REDACTED] shall elect City Council Members by district for full four year terms.

C. No City Council Member term of office that commenced prior to the effective date of this Chapter shall be affected.

§ 2.32.040 REDISTRICTING.

The City Council shall adjust the boundaries of the City Council voting districts based on annexations and decennial federal census results in accordance with Elections Code Section 21601 et seq.”

SECTION 2. Map Adoption. The Official Council District Map set forth in the attached Exhibit A is adopted and incorporated herein by reference. The Official Council District Map shall be kept on file in the Office of the City Clerk.

SECTION 3. Technical Adjustments. If necessary to facilitate the implementation of this Ordinance, the City Manager is authorized to make technical adjustments to the Official Council District Map that do not substantively affect the populations in the voting districts, the eligibility of candidates, or the residence of elected officials within any voting district. The City Manager shall consult with the City Attorney concerning any technical adjustments deemed necessary and shall advise the City Council of any such adjustments required for the implementation of the voting districts.

April __, 2022
ORD. NO. 1225

SECTION 4. CEQA. The City Council finds that adoption of this Ordinance is exempt from California Environmental Quality Act (“CEQA”) review because it is not a “project” pursuant to Title 14, Section 15378(b) of the California Code of Regulations. The Council further finds that adoption of this Ordinance is exempt from CEQA review pursuant to Title 14, Section 15061(b)(3) of the California Code of Regulations because it can be seen with certainty that this Ordinance will not have any potentially significant adverse impact on the environment.

SECTION 5. Severability. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held to be invalid or unenforceable by a court of competent jurisdiction, the remaining portions of this Ordinance shall nonetheless remain in full force and effect. The City Council declares that it would have adopted each section, subsection, sentence, clause, phrase, or portion of this Ordinance, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, or portions of this Ordinance be declared invalid or unenforceable.

SECTION 6. Certification. The City Clerk shall certify to the adoption of this Ordinance.

APPROVED AND ADOPTED this ____ day of April, 2022.

Cecilia Hupp, Mayor

ATTEST: _____
Lillian Harris-Neal, City Clerk

April __, 2022
ORD. NO. 1225

I, Lillian Harris-Neal, City Clerk of the City of Brea, do hereby certify that the foregoing Ordinance was introduced at a regular meeting of the City Council of the City of Brea held on the 5th day of April, 2022, and was finally passed at an adjourned regular meeting of the City Council of the City of Brea held on the ___ day of April, 2022, by the following vote:

AYES: COUNCIL MEMBERS:

NOES: COUNCIL MEMBERS:

ABSENT: COUNCIL MEMBERS:

ABSTAIN: COUNCIL MEMBERS:
