

SMOKE DETECTORS AND CARBON MONOXIDE SELF CERTIFICATION

*** Final inspection approval will require this completed form to be on site along with the job card.**

Permit Number: _____ Date: _____

Project Address: _____

Property Owner: _____

The undersigned does hereby certify that I am the property owner of the above referenced property. I further certify that smoke alarms and carbon monoxide alarms are present and functional in all the following locations. **All boxes must be checked below :**

- Smoke Alarms and Carbon Monoxide Alarm: On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedroom/s or in each hallway outside of the rooms.
- Smoke Alarms: In each room used for sleeping purposes.
- Smoke Alarm and Carbon Monoxide Alarm: In each story, including any habitable basement;

Note: in dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm and a carbon monoxide detector installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

For existing buildings and new construction, carbon monoxide alarms shall be provided in dwelling units where either or both of the following exists CRC 315.2.1: 1. The dwelling unit contains a fuel-fired appliance or fireplace. 2. The dwelling unit has an attached garage with an opening that communicates with the dwelling unit

Signature: _____ Date: _____

California Residential Code (CRC) Section R314.6.2, CRC R315.2 States in part that existing dwellings be "retrofitted with smoke detectors and carbon monoxide detectors when a building permit is issued for work on or in a building that is valued at \$1,000 or more." CRC Section R314.3, CRC R315.2 defines required locations as indicted above.

ATTENTION OWNER – OCCUPANT

This is a Voluntary Smoke and Carbon Monoxide Alarm verification procedure. If you prefer a Building Inspector to perform the verification, you must arrange to have an adult present at the time of inspection.

NOTE: This certification is only used when normal access to the interior of the dwelling by the City of Brea Inspector is not achieved during the course of project construction. It is normally used for exterior projects such as re-roofing, re-siding, patio covers, solar photovoltaic installations, and similar exterior construction work.
