Score Big on Safety: Celebrate Super Bowl Responsibly

Plan ahead with a sober ride before the big game

Brea, Calif. – As football fans gear up for the excitement of the big game, the Brea Police Department reminds everyone that the best game plan includes getting home safely. Whether you're hosting a party, attending a gathering or enjoying the game at your favorite spot, planning ahead for a sober ride will keep you and everyone on the road safe.

Super Bowl celebrations are a time for fun and community, but safety should always come first. If you plan to drink, make sure you have a reliable way to get home, whether that's a designated sober driver, rideshare, taxi or public transportation.

During Super Bowl LX Sunday weekend, (February 8 and 9) the Brea Police Department will have additional officers on patrol looking for drivers suspected of being under the influence of alcohol and/or drugs.

Plan for a Safe Celebration

Before heading out for Super Bowl festivities, follow these tips to stay safe:

- **Designate a Sober Driver:** Choose someone ahead of time who will stay alcohol-free and make sure everyone gets home safely.
- **Use Ridesharing Services, Taxis or Public Transportation:** Rideshare apps and transit options are safe alternatives to driving if you've been drinking.
- **Host Responsibly:** If you're hosting, offer plenty of non-alcoholic beverage options and make sure your guests have safe, sober rides home.
- **Look Out for Others:** Don't let friends or family members drive impaired. Take their keys and help arrange a safe ride.
- **Never Drive Impaired or Distracted:** It's not worth the risk – your life and others' lives depend on it!

Impaired driving is not just from alcohol. Prescription drugs, over-the-counter medications, cannabis products and other drugs may also cause impairment. If you plan on drinking or taking medications with a driving warning label, let someone who is sober drive. If you see someone who appears to be driving while impaired, call 9-1-1.

Funding for this program is provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
