AND
THE BREA FIREFIGHTERS' ASSOCIATION**

July 1, 2024 through June 30, 2026

This Memorandum of Understanding (MOU) is made and entered into by and between the duly authorized representatives of the City and the Brea Firefighters' Association.

A. Recitals

(i) The parties hereto have met and conferred in good faith pursuant to the Meyers-Milias-Brown Act, Government Code Section 3500, et seq., and have reached agreement on changes in wages, hours and terms and conditions of employment.

(ii) The parties hereto have agreed upon the wages, hours, and terms and conditions of employment as set forth herein in order to encourage effective recruitment and retention of well-qualified employees and to foster and reward employees' potential, performance, professional attitude, morale and pride in work. The Brea Firefighters' Association employees hereby acknowledge these expectations.

B. Agreement

Now, therefore, the parties hereto agree as follows:

ARTICLE I – RECOGNITION

Pursuant to the provisions of City of Brea Employer-Employee Relations Resolution No. 06-62, the City of Brea (hereinafter called the "City") has recognized the Brea Firefighters' Association (hereinafter called the "Association") as the majority representative of employees in the bargaining unit, which includes full-time employees in the classifications of Fire Captain, Fire Engineer, and Firefighter (Exhibit "A").

The City shall recognize the Association as the majority representative of employees in the classifications set forth in Section 1 of this Article for the purpose of meeting its obligations under this Agreement, the Meyers-Milias-Brown Act, and Government Code Section 3500, et seq.

ARTICLE II – NONDISCRIMINATION

The City and the Association agree that they shall not discriminate against any employee because of race, color, gender, age, national origin, marital status, sexual preference, genetic information, political or religious affiliations, and/or disability, except as may be required for compliance with Federal or State law, or exercise of rights under the Meyers-Milias-Brown Act. The City and the Association shall re-open any provision of this Agreement for the purpose of complying with any final order of a Federal or State agency or court of competent jurisdiction requiring a modification or change in any provision or provisions of this Agreement in compliance with Federal or State anti-discrimination laws.

Disability Discrimination Laws

Federal and State disability discrimination laws require accommodations for individuals protected under those Acts. To the extent that any direct conflict may exist between the provisions of law and the terms of this Agreement, the provisions of the law will prevail.

The Association recognizes that the City has the legal obligation to meet with the individual employee to be accommodated before any adjustment is made in working conditions.

ARTICLE III – SCHEDULING/HOURS OF WORK AND ASSIGNMENTS

Consistent with Article IX - Labor Management Relationship - City Rights, of this Memorandum of Understanding, it shall be understood that scheduling of employees and assignment of work shall be the sole responsibility of the City, consistent with the needs of the community. The Fire Chief shall designate work schedules. The Fire Chief may alter the work schedule of an employee subsequent to the consideration of departmental workload, operational efficiency, and staffing considerations. The Fire Chief shall report any work schedule change in writing to the City Manager, where such change impacts a significant number of employees.

9/80 Work Schedule

The City has implemented a structured, synchronized 9/80 work schedule for the non-shift sworn employees assigned to Fire Administration. The structured, synchronized 9/80 work schedule shall consist of two (2) consecutive work periods containing the equivalent of nine (9) work days instead of ten (10) in a two (2) week period. Employees will work eight (8) days for nine (9) hours a day, and one (1) day for eight (8) hours, for a total of eighty (80) hours in two (2) consecutive work periods.

Consistent with Article IX – Labor Management Relationship - City Rights, it shall be understood that the implementation of the structured, synchronized 9/80 work schedule shall

be the sole responsibility of the City, consistent with the needs of the community. Concurrent with its obligations under the Meyers-Milias-Brown Act, the City and the Association will meet and confer in good faith at any time prior to change, revision, or elimination of the structured, synchronized 9/80 work schedule. Failure to reach agreement on any change, revision or elimination of the structured, synchronized 9/80 work schedule shall not preclude the City from implementation during the term of this Agreement.

It shall be understood that scheduling of employees and assignment of work shall be the sole responsibility of the City, consistent with the needs of the community.

48/96 Shift Schedule

The work schedule for sworn employees includes two (2) work shifts on duty followed by four (4) shifts off duty (commonly called a “48/96” schedule).

- A. Application: This agreement will apply to Fire Department employees on a 24-hour shift schedule.
- B. Effective Date: The 48/96 work schedule became effective on April 4, 2009.
- C. Termination of the 48/96 Schedule: With 90 calendar days advance written notice, the City may, at its sole option, discontinue the 48/96 work schedule for failure to meet the objectives of the 48/96 work schedule (e.g., the items listed in Section F below, “Objectives of the 48/96 Schedule”). The 48/96 schedule may also be discontinued by mutual agreement between the City and the Association; however, this section shall not create an obligation for either party to meet and confer on this matter prior to discontinuing the work schedule.
- D. FLSA Work Period: The work period will be defined as a twenty-four (24) day work period, as permitted by the Fair Labor Standards Act (FLSA), in order to accommodate the 48/96 schedule. Overtime will be paid as described in Article IV – Salary and Wage Plan – Overtime and Compensatory Time.
- E. Description of 48/96 Work Schedule: A duty shift will be a period of twenty-four (24) consecutive hours, commencing at 0800 hours one day and continuing to 0800 hours the next day. A scheduled rotation will occur after two (2) shifts (48 hours), followed by ninety-six (96) hours off. There shall be six (6) hours of scheduled overtime per 14-day pay period when averaged on one hundred and twelve (112) hours per pay period.
 - 1. Concurrent with the commencement of the new work period, payroll for the affected employees shall be structured as one hundred and twelve (112) hours per pay period. This structure is recognized as an advance of overtime under the FLSA, based upon a normal work schedule of 2912

hours per year, which equates to an average of one hundred and twelve (112) hours per pay period. That payroll compensates the employee for an average of six (6) hours of schedule overtime per pay period. In those payroll periods when an employee's normal work schedule is less than one hundred and twelve (112) hours, he/she will be paid "in advance" of those pay periods when the employee's normal schedule is greater than one hundred and twelve (112) hours.

2. Compensation for the one hundred and twelve (112) hour payroll will be reported as normal compensation for CalPERS retirement purposes.
3. Non-Schedule Overtime which is time worked in excess of the one hundred and eighty-two (182) hours FLSA limit in any work period will be paid under FLSA regulations as described in Article IV - Salary and Wage Plan – Overtime and Compensatory Time .

F. Objectives of 48/96 Schedule: It shall be the goal of the 48/96 schedule to improve employee morale and job satisfaction, maintain or improve productivity and training, maintain or improve continuity in the management of collateral assignments, and reduce commuter trips by 50% for all Suppression staff without negative impacts on the City including, but not limited to, the following areas:

1. Sick Leave use*
2. Number of injuries and workers' compensation claims
3. Number of vehicular accidents
4. Employee fatigue
5. Overtime costs
6. Unable to achieve callback for Emergency Recall**

* The trigger point for Sick Leave will be the average of the last five (5) fiscal years, 4048 hours.

** Emergency Callback will be monitored quarterly during the first year and as needed after the trial period.

Note: Immediately upon the appearance that any of the above areas may be cause for concern, the City, Fire Management and the Fire Association will analyze all available information. The goal is to determine whether or not there is a genuine issue and to develop resolution. If there continues to be negative

impact on the City, then the cancellation options provided in Section C. may be implemented. Nothing in this section shall create an obligation for either party to meet and confer on this matter prior to discontinuing the work schedule.

ARTICLE IV – SALARY AND WAGE PLAN

Salaries

Salaries effective during the term of this MOU, are listed in Exhibit "B", attached hereto and made a part thereof.

Effective the first full pay period in July 2024, salaries for each classification shall be increased by fourteen percent (14.0%).

FLSA Disclaimer

The City and Association agree that the City will administer overtime, compensatory time and shift trades in accordance with the mandates of the Fair Labor Standards Act (FLSA). It is understood and agreed that the City shall provide those overtime benefits mandated by the FLSA as distinguished from overtime benefits required under this Memorandum of Understanding, only to the extent and during such time that the FLSA is legally binding on the City.

Non-Exempt Employees

Shift Employees- Firefighters and Fire Engineers are considered non-exempt employees. As of August 23, 2004, Shift Fire Captains are considered non-exempt pursuant to revised Federal regulations effective that date.

Non-exempt shift employees working the 48/96 work schedule, shall be paid at the rate of one and one-half (1.5) times the employee's regular rate of pay for all hours worked in excess of one hundred eighty-two (182) in the twenty-four (24) day work period. These hours shall be referred to as "overtime."

- A. The overtime rate will be calculated according to FLSA guidelines.
- B. Paid leave time (e.g., vacation, sick leave, holidays, compensatory time, etc.) shall be counted as hours worked for the purposes of determining eligibility for overtime pay within a particular work period.
- C. Employees who work overtime without the express permission of the Fire Chief, or designee, may be subject to disciplinary action.
- D. Compensatory Time. Subject to the approval of the Fire Chief, or designee, non-exempt employees may elect to convert the half time "premium" portion of overtime hours worked (those hours in excess of one hundred and twelve [112] in the work period) to compensatory time-off (CTO). Employees shall be paid at their regular rate of pay for the straight-time portion of the overtime hours worked.
 - 1. Subject to the approval of the Fire Chief, or designee, a non-exempt shift employee may request to "bank" up to a maximum of one hundred-twenty (120) hours of compensatory time in lieu of receiving the premium portion of the overtime pay. The employee may request use of banked compensatory time by submitting a request in the same manner as vacation leave requests. Approval of the use of compensatory time shall not be unreasonably denied or delayed, and shall be approved by the Department Director, or designee, unless he/she determines that approval for the requested date(s) would create an undue burden on departmental workload, operational efficiency, and/or safe staffing considerations. An employee working all or a portion of a shift to cover CTO leave taken by another employee will be paid for such time and may not accrue compensatory time for that shift or any portion thereof.
 - 2. The City may pay-off accumulated compensatory hours upon promotion, of a non-exempt employee.

Non-Shift Employees- Non-exempt non-shift employees shall be paid at the rate of one-and-one-half (1.5) times the employee's hourly rate for all hours worked in excess of forty (40) in

the seven (7) day workweek. These hours shall be referred to as "overtime" hours.

- A. The overtime rate will be calculated according to FLSA guidelines.
- B. Paid leave time (e.g., vacation, sick leave, holidays, compensatory time, etc.) shall be counted as hours worked for the purposes of determining eligibility for overtime pay within a particular work week.
- C. Employees, who work overtime without the express permission of the Fire Chief, or designee, may be subject to disciplinary action.
- D. Compensatory Time. Subject to the approval of the Fire Chief, or designee, an employee may elect to take compensatory time off in lieu of receiving overtime pay for hours worked in excess of forty (40) in a work week. An employee who requests and is approved for compensatory time off in lieu of overtime is entitled to one-and-one-half (1.5) hours of compensatory time off for each hour for which he/she would otherwise be entitled to overtime pay.
 - 1. Subject to the approval of the Fire Chief, or designee, employees may request to "bank" up to a maximum of forty (40) hours of compensatory time (representing 26.67 hours of overtime worked) in lieu of receiving overtime pay. The employee may request use of banked compensatory time by submitting a request in the same manner as vacation leave requests. Approval of the use of compensatory time shall not be unreasonably denied or delayed, and shall be approved by the Department Director, or designee, unless he/she determines that approval for the requested date(s) would create an undue burden on departmental workload, operational efficiency, and/or safe staffing considerations.

Exempt Status of Administrative Fire Captain Classification

Pursuant to Section 13(a)(1) of the Fair Labor Standards Act (FLSA), the City has determined that employees in the classification of Fire Captain/Administration are exempt from the provisions of the FLSA when working in such assignments.

Non-shift Fire Captains assigned to Fire Administration who work in excess of eighty (80) hours in the work period shall be paid for such hours at his/her straight-time regular rate of pay, or may elect, subject to the approval of the Fire Chief or designee, to receive compensatory time off, on an hour-for-hour basis. An employee may request to "bank" up to a maximum of forty (40) hours of compensatory time (representing forty [40] hours of time worked). The use of banked compensatory time shall be subject to the approval of the Fire Chief or designee.

Call-Back Pay

An employee called back to work after completing his/her normal work shift and having left City premises and/or the employee's work location shall be paid a minimum of two (2) hours regardless of whether the employee actually works less than two (2) hours. If the employee works more than two (2) hours call-back time, he/she shall be compensated according to the amount of time actually worked.

Emergency Recall

Effective July 1, 2005, and pursuant to the definition of emergency contained in Department Operations Manual Section 3.02 (B), an employee responding to emergency recall will be paid at the time-and-one-half (1.5) their regular rate of pay for such overtime hours worked.

Residency Requirement

As a condition of employment, all employees subject to this MOU hired by the Brea Fire Department after January 1, 2022 shall, within six (6) months of date of hire, establish a bona-fide residence and reside within a reasonable distance from the Brea Fire Department assigned fire station. Reasonable distance shall mean four (4) hours driving time from the nearest Fire Station, with the employee driving at posted speed limits.

Assistance by Hire

Shift employees assigned to work with other entities in response to a task force, strike team, or for "assistance by hire" assignments on behalf of a third party shall be eligible for overtime compensation at a rate equivalent to time and one-half of the employee's regular rate of pay for each hour of such assignment if the contract for such assignment, or the conditions of reimbursement from the third party, provide for full reimbursement of overtime costs at the time-and-one-half hourly rate. The City shall only be responsible for time and one-half payments, not otherwise required under this MOU or the FLSA, if so reimbursed.

Overtime for Employees Working Rank Down within the Fire Department

Effective July 1, 2019 qualified employees assigned to work down a rank on a temporary basis on a suppression shift shall be paid for such working rank down hours at the same step and hourly rate that they currently occupy, including any applicable paramedic pay.

All aspects to this work down policy are further stipulated in AOP #5.

Consecutive Shifts

The City and Association agree that employees covered herein may volunteer to work ninety-six (96) or more consecutive shift hours.

Paramedic Continuing Education/Recertification Compensation

Continuing Education- An employee assigned as a Paramedic shall be compensated, at his/her regular rate of pay, for all education classes voluntarily attended off-duty which are required to maintain minimum paramedic certification levels. These employees shall be paid their straight-time rate of pay only for those hours actually spent in continuing education certification classes. Time spent voluntarily in Paramedic certification classes shall not be used for purposes of calculating overtime pay. Compensation and verification of attendance hours will be based on the Fire Department's receipt of signed verification from the Orange County Emergency Medical Services Continuing Education Department.

Recertification Compensation- Employees assigned as Paramedics shall receive \$500 after successful completion of the paramedic recertification process.

WORKING OUT OF CLASSIFICATION

The City shall determine the necessity for working employees out of classification (acting assignments) on a temporary basis for the purposes of training/development, short-term or temporary shift coverage, and special assignments. It is not the City's intent to use acting assignments to delay or, avoid hiring or overtime assignments.

Acting assignments to a higher classification will be filled by employees on the eligible list for the classification; or, by employees who meet the qualifications for the classification when there is no current eligible list and there are no qualified rank-for-rank overtime volunteers. No one will be forced into an acting assignment; however, participation in an acting assignment provides training and work experience for potential promotional candidates, and such experience may enhance an individual's opportunity for promotion.

Effective July 1, 2019, employees who are assigned to work on a temporary basis in a higher classification/rank shall receive five (5) percent in addition to the employee's regular rate of pay for shift employees and when the following conditions are met for non-shift employees:

- A. A non-shift employee is assigned and works a minimum of fifteen (15) working days, at least seven (7) of which shall be consecutive working days.

Once the non-shift employee has performed in the acting position for the minimum number days indicated above, the additional pay rate shall commence sixteenth (16th) day of working within that assignment, whichever is applicable. Unless removed from such assignment for disciplinary or performance reasons, the employee who has completed the minimum requirements shall, for all subsequent temporary assignments to the same classification/rank, be paid at the higher rate for all hours worked. If removed from the assignment for disciplinary or performance reasons, the employee may after one year from the removal date, request to be reconsidered for eligibility to serve in any future available

assignments that he or she may otherwise be qualified for. If granted, the employee will start the eligibility process again as if he or she had never been in the assignment and serve the time and eligibility requirements outlined above, as applicable.

In determining whether the employee has worked the required consecutive scheduled fire working days, absence due to regular City holiday or regularly scheduled day off shall not be counted as a break in consecutive days. Absences for illness or injury occurring during the assignment shall not count as a break in consecutive days as long as the employee is able to return to the same assignment and complete the minimum service time. If the illness or injury results in the employee not being able to return within thirty (30) calendar days, and/or the assignment is no longer needed when the employee returns, the employee shall receive credit for time served as non-consecutive time, and shall have to meet the minimum consecutive day requirements in a future assignment to the same classification/rank. Voluntary absences, such as vacation, accrued holiday leave time, compensatory overtime off and leave without pay shall be considered a break in consecutive shifts/days and thereby cause an employee to be ineligible to receive working out of classification pay until the consecutive day requirements have been met.

SPECIAL ASSIGNMENTS AND COMPENSATION

All individual appointments to, or removal from, special assignments shall be made or revoked at the sole discretion of the Fire Chief, or designee, based upon minimum qualifying criteria, performance, physical capability, or Fire Department operational needs. Additions or reductions in the number of assignments shall be at the sole determination of the City based on budgetary and staffing needs. All special assignment pay shall be effective for only as long as the duty assignment remains in effect for the individual.

Variety of Special Assignments

The City shall provide special assignment pay as described below:

- A. Administrative Sworn Employees. A sworn employee assigned to work on a full-time basis in Fire Administration shall receive ten (10) percent in addition to his/her regular rate of pay while working in that assignment.

When there is no conflict with his/her regularly assigned duties, a sworn administrative employee shall be permitted to work in a shift assignment but shall not receive the ten (10) percent additional pay while performing shift duties.

- B. Twenty-four hour shift employees temporarily assigned to a forty (40) hour shift, except those employees so assigned as a light duty accommodation for temporary disability shall receive, after the fifteenth (15th) consecutive day worked, special assignment compensation of five (5) percent, in addition to the range and step for

which such employee receives base compensation. If such assignment to a forty (40) hour shift is in excess of thirty (30) consecutive working days, the employee so assigned shall receive retroactive special assignment compensation of five (5) percent in addition to the range and step for which such employee receives base compensation commencing on the first work day so assigned. Employees assigned to 40-hour shift assignments as a light duty accommodation for temporary disability shall continue to receive their normal shift pay (i.e., as if they were still working the 24-hour shift) which preceded the disability accommodation period.

- C. Paramedic. An employee appointed to a Paramedic assignment shall receive special assignment pay in the amount equal to fifteen (15) percent of "11th" step Firefighter in addition to his/her regular rate of pay.

Maximum Special Assignment Pay "Cap"

Excluding Paramedic assignment, the maximum allowable special assignment pay above base salary shall be ten (10) percent.

Bilingual Pay

An employee required to speak in Spanish or other languages in addition to English as part of the regular duties of his/her position, shall be compensated at the rate of \$100 per month in addition to the employee's regular rate of pay.

The Human Resources Manager shall designate which languages shall be eligible for Bilingual Pay based on community needs.

The Human Resources Manager shall administer the taking of competency tests to certify the employee as eligible for Bilingual Pay based on the employee's proficiency in speaking Spanish or other languages. Such certification shall be a condition prior to qualifying for Bilingual Pay.

An employee may become eligible for Bilingual Pay at any time. An employee must be recertified immediately prior to each anniversary date of his/her certification to continue to be eligible for Bilingual Pay. If the employee fails to reapply or to become recertified, the Bilingual Pay shall cease at the beginning of the payroll period immediately following the employee's anniversary date. The employee is responsible to initiate the request for eligibility or recertification. After two (2) consecutive years of successful recertification, the employee shall only be required to participate in the recertification process every four years.

Uniform Allowance

The City shall provide a lump sum uniform allowance in the amount of \$850 per fiscal year per employee. Uniform Allowance shall be reported as special compensation to CalPERS

for "Classic" members only. Uniform allowance is not reportable as special compensation for new members under PEPRA. Reportable uniform allowance shall be reported to CalPERS in equal amounts per pay period despite being paid in a lump sum.

Uniform allowance shall be paid directly to the employee as early as feasible in July of each year. In order to comply with CalPERS reporting requirements for uniform allowance for Classic employees, allowance will be reported as earned on July 1. Earned period shall be defined to mean employed with the City on July 1. Payment for the uniform allowance will be paid in the pay period which includes July1.

New Employees- Newly appointed Firefighters shall be provided with an initial uniform by the Department. The reported value of that initial uniform is \$750. The following July 1, the newly appointed Firefighter shall be eligible to receive a prorated amount of the \$850 annual uniform allowance based on a one twelfth value for each month following the initial appointment. Thereafter, the employee shall be on the same annual cycle as other non-probationary employees. (Example: New employee is appointed December 3rd. That employee is provided with his/her initial uniforms by the Fire Department. The following July 1, that employee receives 7/12s of the annual allotment {\$495.83}, then on the next July1, begins receiving the full \$850 allocation.)

A new employee who quits or is removed during probation within the first year of employment shall return the initially provided uniforms on his or her last day of employment with the City of Brea.

Leave Scheduling

The Department will review, approve and arrange coverage for employees requesting leave time of three (3) or more shifts (including any combination of vacation, holiday or compensatory time off) at least twenty-eight (28) calendar days in advance of the requested date. Any requests for three (3) or more shifts presented in less than twenty-eight (28) days will be subject to the employee confirming replacement coverage and confirming such replacement with the shift Battalion Chief. For requests of fewer than three (3) shifts off, the Department will arrange coverage, if the request is presented at least fourteen (14) calendar days in advance. All requests for leave time presented less than fourteen (14) days in advance will be subject to the employee arranging for replacement coverage and confirming such replacement with the shift Battalion Chief.

Buy-Back of Vacation Leave Hours

Upon an employee's written request, the City will buy-back unused vacation hours subject to the following provisions:

- A. A non-shift employee must have used one (1) consecutive work week of vacation leave within one (1) year prior to the date the employee is requesting a vacation buy-

Vacation time balances rolled over from prior calendar years are not eligible for cash out. Regardless of the number of hours irrevocably elected for cash out, the cash out will only be made from hours accrued during the calendar year and not used for time off or otherwise by the employee at the time of the cash out. An Employee may elect to cash-out up to the maximum number of hours said employee is entitled to earn the following calendar year based on the "Vacation Accruals" table listed above in Article V(A) and (B) if all other eligibility requirements to buy back vacation leave is met.

Employees may choose to receive the payout in one of the following manners:

- Two equal installments, with the first installment being paid on in the last full pay-period in June and one installment being paid in the last full pay-period in December.
- Or, one full installment being paid in the last full pay-period in December.

Employees will submit the irrevocable election form via email to Human Resources at HR_Email@ci.brea.ca.us no later than December 31st in the calendar year prior to the cash-out year. Employees who do not submit an irrevocable election form by December 31st will be deemed as foregoing participation in the optional vacation leave cash out program for that following calendar year.

In the event an employee has less hours in their vacation leave bank at the time the cash-out is to be paid than they had previously elected to cash out, the employee shall only be paid for up to the amount that was accrued that calendar year that is remaining in their designated leave bank at the time of the actual cash-out.

If an employee makes an irrevocable election to cash out vacation leave in the following calendar year and uses vacation leave during that subsequent calendar

year, the leave used may come from leave the employee had earned (if any) prior to January 1st of the calendar year the employee had elected to take the cash out from. The employee's use of earned, but unused leave accumulated from previous calendar years shall not result in a reduction in the amount of leave hours the employee is eligible to cash out.

An employee who experiences an unforeseeable emergency may be permitted to make a new irrevocable election and/or to increase the amount of a previous election, subject to the same value that was permitted at the time the annual irrevocable election forms were due.

For these purposes, an "unforeseeable emergency" means a financial hardship to the employee resulting from any of the following:

- Accident, illness, injury or death of the employee or an immediate family member For this purpose, an "immediate family member" is restricted to a spouse, registered domestic partner, child/legal dependent, grandchildren, parent, grandparents, parents-in-law, siblings and siblings-in-law, or
- Loss or extensive damage to the employee's property due to casualty; or
- Other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the employee.

Whether an occurrence is an unforeseeable emergency shall be solely determined by the City Manager or designee.

The City shall make a form available for employees to make their irrevocable election.

When a designated holiday is taken off, the employee's holiday accrual balance shall be debited in the amount of holiday hours taken off. Vacation and/or compensatory time off, shall not be utilized to fund a used holiday off, unless the employee's holiday bank has a balance of hours less than the hours in a work day. In such case the existing holiday bank may be supplemented with vacation and/or compensatory time off earned hours to the extent necessary to equal the holiday hours taken off.

Newly hired (i.e. less than one year) employees who have not accrued vacation or other paid leave, may "borrow" from the holiday bank against future holiday accruals. Employees leaving City employment with a negative holiday bank balance shall have the balance deducted from accrued vacation as of the date of employee's separation.

Holiday balances remaining after the payroll period including the final February holiday, shall be paid to the employee in May (non-shift employees) or November (shift employees) at the employee's basic rate of pay as of the date of the payoff.

Payoff of accumulated holiday hours shall be processed with the employee's regular payroll check. This check may also contain a payoff of accumulated compensatory time (refer to Article IV of this Memorandum of Understanding).

When the actual dates of Christmas Eve, Christmas, New Year's Eve or New Year's Day fall on a weekend or closed 9/80 day, to the greatest extent possible, the holiday will be observed by using the time to "pay" for the Holiday Closure days that are not otherwise covered by actual holidays. With the exception of this circumstance holidays shall be observed on Friday when the actual legal holiday falls on Saturday and holidays shall be observed on Monday when the actual legal holiday falls on Sunday.

Shift Employees

Twenty-four (24) hour "shift" employees do not have designated holidays. Shift employees shall accrue one hundred thirty-six point three (136.3) holiday hours per fiscal year. Accrued holiday hours shall be recorded on the employee's paycheck stub.

It is not the intention of the City to encourage the accumulation of holiday hours. A shift employee must submit a written request to his/her immediate supervisor prior to using accrued holiday leave time. Holiday leave time for shift employees may only be taken

subject to the approval of the Fire Chief, or designee, after the consideration of the departmental workload and other staffing considerations such as, but not limited to, the approved leave schedule of other employees, sick leave, and position vacancies, and impact of the used holiday upon overtime expenditures.

When a designated holiday is taken off, the employee's holiday accrual balance shall be debited for sixteen (16) holiday hours for each holiday taken off with the employee having the option of using vacation, compensatory or holiday for the remainder of the shift. Otherwise, vacation and/or compensatory time off, shall not be utilized to fund a used holiday off, unless the employee's holiday bank has a balance of hours less than the hours in a work day. In such case the existing holiday bank may be supplemented with vacation and/or compensatory time off earned hours to the extent necessary to equal the holiday hours taken off.

Holiday hours taken by shift employees shall not exceed the same number of hours as the normal shift hours worked. Holiday hours accumulated and not taken prior to the payoff in November shall be paid at the employee's basic rate of pay as of the date of the payoff.

Payoff of Accrued Holiday Hours- Payoff of accumulated holiday hours shall be processed with the employee's regular payroll check. This check may also contain a payoff of accumulated compensatory time (Refer to Article V of this Memorandum of Understanding)

DONATION OF LEAVE TIME

Employees may donate, on an hour-for-hour basis, vacation, compensatory or holiday leave time to City employees who have exhausted all available accrued leave time due to a major medical condition.

SICK LEAVE AND BEREAVEMENT LEAVE

Sick Leave

Non-shift employees shall earn eight (8) hours of sick leave per month; shift employees shall earn twelve (12) hours of sick leave per month. Sick leave shall be earned, commencing on the first day of employment and shall accrue on a bi-weekly basis.

Personal Medical and Dental Appointments

Sick leave utilization for dental appointments, medical examinations and/or due to death or serious illness in the immediate family shall be limited to a maximum of one hundred forty-four (144) hours for shift employees and ninety-six (96) hours for non-shift employees per

fiscal year.

Sick Leave Authorization for Family Members And Victims of Domestic Violence, Sexual Assault and Stalking

An employee shall be allowed sick leave due to death or diagnosis, care or treatment of an existing health condition of a family member. Family member as used in this Article is limited to: the employee's parents and grandparents (e.g., biological, adoptive, foster, by marriage or legal guardians), current spouse, registered domestic partner, children and grandchildren (regardless of age and dependency status, e.g., biological, adoptive, foster, or by marriage or registered domestic partnership, and in loco parentis relationships), parents-in-law (marriage or by registered domestic partnership), siblings, siblings-in-law (or by domestic partnership) and a designated person. In the event of death in the immediate family, a death certificate or other acceptable evidence may be required by the Fire Chief, or designee, before the sick leave is allowed. In the event of a serious illness to a family member, a medical certificate from an acceptable medical authority or a personal statement of such illness and an explanation of the need for the employee's absence, may be required by the Fire Chief, or designee after the first 3 work shifts (3 work days for 40 hour employees) of absence. Such leave may take travel time into consideration. The amount of sick leave used in either of these two circumstances shall be reported on the appropriate leave request form.

Sick leave may be used by an employee who is a victim of domestic violence, sexual assault, or stalking to: i) obtain or attempt to obtain a temporary restraining order or other court assistance to help ensure the health safety or welfare of the employee or his or her child; or ii) obtain medical attention or psychological counseling; services from a shelter; program or crisis center; or participate in safety planning or other actions to increase safety.

Notification to Supervisor

Any employee needing to be absent because of sickness or other physical disability shall notify the Fire Chief or immediate supervisor at least one (1) day prior to such absence if circumstances permit, or as soon thereafter as possible.

Return to Work After Sick Leave

An employee using sick leave pursuant to this Article and the City of Brea Human Resources Rules and Regulations, may be required by the Human Resources Officer to submit a medical certificate signed by a duly-licensed physician, surgeon or psychiatrist stating that the employee was incapacitated for the performance of his/her duties during the sick leave use and that the employee is now capable of performing his/her duties or such of his/her duties as enumerated in the certificate after an absence of 3 work shifts (or 3 workdays for 40 hour employees) or longer. The Human Resources Officer or his/her designee may

require an employee to submit to a medical and/or psychiatric examination by a physician designated by the City before permitting the employee to return to work after the employee has been on sick leave. If the results of any such examination indicate that the employee is unable to perform assigned duties, or if performance of those duties will expose others to infection, the employee shall be placed on sick leave, compensatory time, vacation time, or leave without pay after all such leave has been used, until adequate medical evidence is submitted that the employee is competent to perform assigned duties or will not subject others to infection. In the event any certificate and/or report states that the employee is unable to perform the full range of duties of the position to which the employee is assigned, the City may assign the employee duties and responsibilities which the City believes the employee is capable of performing. In cases of disabling illness or injury, the Human Resources Officer or Fire Chief shall assess the City's ability to provide reasonable accommodation.

Medical Certificate Requirement

Any employee who makes application for sick leave due to illness or injury for a period of time longer than three (3) fire shifts for shift employees, or three (3) working days for non-shift employees, upon any single occasion may be required to submit to the Fire Chief, or designee, a medical certificate signed by a duly and regularly licensed physician authorized to practice medicine in the State of California. The medical certificate must set out the following:

- A. That the employee has an illness or injury that prevents him or her from working;
- B. A statement that the employee is physically able to return to work;
- C. The effective date the employee is expected to return to work.

Falsification

Any employee falsifying reason for sick leave shall be subject to disciplinary action, up to, and including termination.

Bereavement Leave

An employee shall be allowed fifty (50) non-shift hours or one-hundred and twenty (120) shift hours, as applicable, of unpaid bereavement leave for each incident of a death of an immediate family member (as defined above in Sick Leave Authorization for Family Members). Employees shall be paid for the first 27 hours of bereavement leave for non-shift employees and 48 hours for shift employees. Employees may use any available leave balance (i.e. vacation, sick or holiday) to receive salary for bereavement leave hours above 27 hours for non-shift employees and 48 hours for shift employees. Bereavement leave hours shall not accrue or carry over to a new fiscal year.

OTHER LEAVES

Leave of Absence Without Pay

The Fire Chief or designee may grant leaves of absence for a maximum of ninety (90) calendar days without pay to any employee if the circumstances of the particular case warrant and if the Fire Chief so recommends such leave of absence in writing. An employee, not under suspension, may make application for leave without pay after all available leave benefits, including vacation, compensatory time, holiday leave time, Family Care Leave, and sick leave (subject to eligibility to use sick leave) and any other leave benefits have been completely used. No employment or fringe benefits such as sick leave, vacation, retirement, or any other benefits shall accrue to any employee on leave of absence without pay; except, however, the City will continue to pay the employee's medical insurance up to the current maximum allowable under the current flexible benefit plan program for a maximum of three (3) months during any one (1) leave in any twelve (12) month period while an employee is on authorized leave.

Prior to the end of a leave of absence without pay, if the employee desires additional leave, written application must be made to the Fire Chief stating the reasons why the additional leave is required and why it would be in the best interest of the City to grant such leave of absence. If, in the Fire Chief's opinion, such additional leave is merited and would still preserve the best interests of the City, he/she may approve such extensions of leave of absence for a period not to exceed an additional ninety (90) calendar days. If the employee does not return to work prior to or at the end of such leave of absence or extension of leave of absence, the City shall consider that the employee has terminated his/her employment with the City. An employee on leave of absence must give the City at least a seven (7) day written notice of the employee's intent to return to work.

Leave of Absence With Pay

The Fire Chief, or designee, may authorize other leaves of absence with pay to employees for the performance of authorized duties in connection with City business, for attendance at trade, professional or other meetings and conferences which relate to official duties, or participation in recognized and approved training and related activities, within budgeted authorization.

Employee Association Leave

A reasonable number of the Executive Board of the Association recognized by the City Council shall be authorized leave of absence with pay according to the following provisions:

- A. To meet and confer as requested by the City Manager;
- B. To perform necessary representational functions at times prearranged and approved

by the Fire Chief, or designee, after consideration of the departmental work load and other staffing considerations; and

- C. For such other matters where formal written approval has been granted by the City Manager or is required by law.

Association Time Bank

City agrees to allow Association members to each voluntarily contribute a block of five (5) hours of accrued vacation as of August 1 of each year, commencing August 2005, to an Association Time Bank. Hours donated shall be deducted from the donor's accruals and converted to their cash value at the time of donation. Donor forfeits any claim to the leave time upon donation.

The Association Time Bank (ATB) is an account from which the Association Board may authorize paid leave to be taken by its members to conduct Association business. All leave requests are subject to regular Departmental leave policies, and authorized leave positions shall not be filled using mandatory staffing policies (Constant Staffing System). Authorized leave under this section may be cancelled under the same criteria as other leaves, at the discretion of the Fire Chief.

Authorized ATB leave will be deducted from the bank at the regular hourly pay rate of the affected employee. If there is an insufficient balance in the bank, the difference between ATB time and the actual hours of authorized leave shall be charged to the affected employee's personal vacation accrual.

Leave shall be requested in advance and submitted to the Operations Chief, using the proper leave request form, and including the signed authorization of the Association president or his/her designee.

Association indemnifies and holds harmless the City of Brea in the event any Association member challenges the use of donated leave time.

ARTICLE VI – FRINGE BENEFITS

Administration

The City reserves the right to select the insurance carrier, or to administer any fringe benefit programs that now exist during the term of this Memorandum of Understanding.

Selection and Funding

In the administration of the fringe benefit programs, the City shall have the right to select

any insurance carrier or other method of providing coverage to fund the benefits included under the terms of this Memorandum of Understanding, provided that the benefits of the employees shall be no less than those in existence as of implementation of this Memorandum of Understanding.

Changes

If, during the term of this Memorandum of Understanding, any change of insurance carrier is proposed by the City, the City shall meet with the Association prior to any change of insurance carrier or method of funding the coverage.

HEALTH AND WELFARE BENEFITS

Flexible Benefit Plan

The City's Flexible Benefit Plan shall include, for the employee and eligible dependents, City sponsored health insurance plans including medical insurance, dental insurance, and optical insurance. The Flexible Benefit Plan shall also include, for employee only, short-term disability, optional life insurance, deferred compensation, and education reimbursement for undergraduate college-level courses only.

Effective January 1, 2020, the maximum Flexible Benefit contribution for employees enrolled in a City sponsored medical plan shall be:

Single employee	\$800
Employee plus 1 dependent	\$1175
Employee plus 2 or more dependents	\$1550

Employees hired prior to January 1, 2006, who have opted out will continue to receive a \$650 contribution. Employees hired on/after January 1, 2006, shall receive the amount shown for the plan level in which they have enrolled. Those hired on/after January 1, 2006, who opt-out of all the City health plans will receive \$325 per month.

Employees who choose medical insurance coverage through the City but do not use the full amount of the Flexible Benefit contribution for optional benefits provided herein shall receive cash-in-lieu for the amount not used.

In order to receive cash for opt out or cash-in-lieu, the employee must annually submit to the City a form to be provided by the City that complies with the requirements of the Affordable Care Act.

Should the total cost of premiums for benefits selected under the Flexible Benefit Plan exceed the City's monthly contribution, the overage will be paid by the employee via pretax

payroll deductions. The City will continue to pay the one-half percent (1/2%) administrative fee for the CalPERS Health Insurance Program medical insurance plan. If the administrative fee increases, the City shall meet and confer on the increase.

Retiree Medical Benefit

Within the monthly contribution amounts, the minimum employer contribution required by statute, as it changes from time to time (\$157 per month in 2024) is considered to be the City's contribution toward the CalPERS Health Insurance Program for medical insurance under the Public Employees' Medical and Hospital Care Act "PEMHCA") and shall be reported to CalPERS as such. This statutory minimum employer contribution under PEMHCA (\$157 per month in 2024) shall be the City's PEMHCA contribution toward retiree medical insurance coverage. There is no opt out value for retiree medical coverage.

For employees hired into this unit prior to June 30, 2019, who retire from the City and choose to enroll in a PEMHCA plan, the City shall contribute the minimum PEMHCA contribution designated by CalPERS (\$157 per month in 2024) plus the difference between \$335 per month and the PEMHCA contribution designated by CalPERS (\$157 per month in 2024) into a health reimbursement or similar tax preferred account to be used for the premium.

The parties intend that the entitlement to receive a retiree medical benefit of \$335 per month is a vested benefit for all employees hired by the City on or before June 30, 2017. The inclusion of this vesting language is to comply with the Supreme Court's decision in M&G Polymers v. Thackett, 135 S.Ct. 935 (2015), requiring that the intent to vest a benefit be explicitly set forth.

Effective June 30, 2019, for all new employees hired into this unit who retire from the City, and choose to enroll in a PEMHCA plan, the City's medical contribution towards retiree health insurance shall be the PEMHCA minimum (as determined by CalPERS on an annual basis), not to exceed the actual cost of the plan selected. (PEMHCA minimum is \$157 in calendar year 2024.)

While participating in the CalPERS Health Plans during the term of this Agreement, should CalPERS or legislative acts redefine the designated contributions for retirees to include Flexible Benefit Plan contributions; the parties will meet and confer on an alternative method of funding active employee benefits.

At such time during the term of this Memorandum of Understanding that education reimbursement is considered a taxable benefit under Internal Revenue Service Regulations, then education reimbursement shall be excluded as a Flexible Benefit Plan option.

Life Insurance

Based on the life insurance policy limitations, the City shall provide each employee with a term life insurance policy with a benefit equal to one times the individual employee's annual salary. An employee may purchase additional (optional) life insurance coverage at his/her own expense subject to the terms, conditions, and approval of the insurance carrier.

Section 125 Program

The City has implemented an Internal Revenue Section 125 program which allows employees to allocate specified amounts of monthly pre-tax salary or wages for the reimbursement of medical care expenses or dependent care expenses, or both. Employees who choose to participate in the program shall pay all subsequent program administration costs and/or fees.

Retirement Health Savings Plan

Employees may participate in the ICMA-RC retirement health savings plan (RHSP) pursuant to the regulations established by the Internal Revenue Service. This provision shall apply to all unit employees as required by the IRS regulations. Other employee contribution provisions may be implemented upon approval by the City and adopted prior to November 1 of any year, to be effective the first of the next following tax year (i.e., January). Effective with the payroll including January 1, 2009, all full-time employees will each contribute a mandatory \$25 per month to the individual employee's Retirement Health Savings Plan (RHSP). Contributions to an RHSP must comply with the mandatory contribution provisions provided under IRS regulations. City and BFA may create or amend contribution provisions prospectively to comply.

Effective within 30-days of the adoption of this agreement, the City shall amend the provisions of the RHSP to cease contributions by BFA employees and shall commence contributions to the IAFF Medical Expense Reimbursement Plan as set forth below.

- A. DEFINED CLASS OF EMPLOYEES RECEIVING CONTRIBUTIONS.** The "Defined Class" of employees receiving contributions to the IAFF Medical Expense Reimbursement Plan (hereafter, the "IAFF MERP") of the WSCFF Employee Benefit Trust (hereafter, the "Trust"), as set forth below, consists of all employees of the City represented by BFA.

- B. EMPLOYEE CONTRIBUTION AMOUNT.** The City and the BFA agree that the City shall withhold a mandatory contribution of \$75.00 per month on a pre-tax basis from the pay of every employee in the Defined Class and shall transmit such contributions to the IAFF MERP pursuant to the requirements in Section D below. No employee in the Defined Class shall be permitted to opt-out of the mandatory

contributions or receive any portion of the contribution in cash.

- C. **CITY CONTRIBUTION AMOUNT.** Beginning July, 2025, the City shall make a mandatory employer matching contribution not to exceed \$75.00 per month to the Trust on behalf of every employee in the Defined Class and shall transmit such contributions to the IAFF MERP pursuant to the requirements in Section D below. No employee in the Defined Class shall be permitted to receive any portion of the employer contribution in cash.
- D. **REMITTANCE OF CONTRIBUTIONS.** The City shall remit all IAFF MERP contributions directly to the custodian of the Trust within 30 days of the date the payment would have been payable to the employee. The City hereby acknowledges receipt of the Trust Agreement governing the Trust and will comply with rules set by the Trust in regard to reporting and depositing the required contributions set forth herein.
- E. **REPORTING TO TRUST OFFICE.** The City shall electronically submit to the Trust Office a monthly [or per pay period] report of contributing employees for each contribution sent to the Trust, in the format requested by the Trust, and received by the Trust Office within five (5) days of receipt of the contribution funds. The report will include at a minimum: employee first and last name, with suffix as applicable; employee number; Social Security Number; employee status (e.g., active, on leave); date of birth; gender; date of hire; bargaining unit; date of change in bargaining unit, as applicable; home mailing address; City contribution amount; employee contribution amount; leave transfer amount, as applicable; separation date, as applicable; and separation reason.

The City shall also provide an initial report of contact information for all contributing employees to the Trust Office, in a format reasonably requested by the Trust, and shall send updates to this information to the Trust Office whenever the City has notice of changes to the information.

The Trust will provide a secure data transfer platform or process for transmission of this employee information to the Trust Office.

- F. **MODIFICATION OF EMPLOYEE CONTRIBUTION AND LEAVE AMOUNTS.** The City and the BFA agree that the BFA has the right, subject to approval of its members according to the BFA's internal rules, to prospectively modify the amount of the mandatory employee monthly contribution (Section B), or to include a mandatory contribution of employee leave during the course of this Agreement, as long as the modification is mandatory for all employees in the Defined Class.
- G. **INDEMNIFICATION.** The BFA agrees to indemnify and hold the City harmless from any liabilities of any nature which may arise as a result of the operations of

the Trust, except for the obligation of the City to make and report on the non-elective transfer of contributions as described in this Section.

The employee shall pay one hundred percent (100%) of all monthly costs for this benefit, in addition to the \$2.00 monthly cost for the basic level 1959 Survivor Benefit. Said funding shall be by means of a payroll deduction.

Employees should submit a request for Education Reimbursement prior to the scheduled program and obtain approval from the Human Resources Manager or his/her designee. Proof of completion of the approved education program or college course work shall consist of a certificate of completion, or other verification of participation, or a college transcript showing a letter grade of "C" or better, or in cases where no letter grade is given, a certificate of completion or written proof that the college course work was completed in a satisfactory manner. Upon completion of the approved program, requests for reimbursement may be submitted to the Human Resources Manager and must be accompanied by a receipt for all eligible expenses incurred.

Reimbursements from Other Sources. If an employee receives tuition payments or refunds for college-level course work from other sources, the City will contribute the difference between the amount the employee receives from the other source and the authorized costs incurred by the employee to the maximum amount cited below.

Reimbursement Schedule (Grandfathered Employees)

Association members currently in progress of obtaining a degree under the terms and conditions of the 2015-2018 MOU shall be grandfathered in and continue with the reimbursement provisions contained in that MOU. For those employees grandfathered into ongoing degree programs, and not subject to the “*Successor Tuition Reimbursement Program*,” the amount of education reimbursement available shall be \$3,000, for the twelve (12) month period from September 1 through August 31. Eligibility for the \$3,000 education reimbursement portion is conditioned upon providing proof of the classes being credited by the educational institution towards the degree being sought and enrollment of the employee

in the degree program. Only associate's, bachelor's, or master's degree programs will be eligible for the full \$3,000 portion of the education reimbursement.

Reimbursement Schedule (Successor Tuition Reimbursement Program)

Effective July 1, 2019, the maximum lifetime amount of education reimbursement available to each non-grandfathered employee shall be \$12,000 for a bachelor's degree and \$12,000 for master's degree (or a total of \$24,000) obtainable on a reimbursable basis with proof of completion of the degree(s) and eligible expenses. If an employee has previously obtained a bachelor's degree prior to employment with the City, then they shall be eligible to receive the lifetime maximum of \$24,000 for a master's degree.

An employee may submit for a partial payment in January after the completion of fifty percent (50%) of the units required for the bachelor's or master's degree or with the attainment of an associates of arts degree. The maximum available for the partial payment shall be no more than \$5,000 based on reimbursement of eligible expenses. In January after completion of the bachelors' degree or master's degree, an employee may submit for reimbursement of eligible expenses for an additional \$5,000. The employee may request reimbursement of the remaining \$2,000 for eligible expenses in the month of January a minimum of one year after completion of degree. If the request for reimbursement of the remaining amount exceeds \$5,000 for a master's degree under the lifetime maximum provision, then the final amount will be reimbursed at an amount not to exceed \$5,000 per year.

The amount of tuition reimbursement available annually for pre-approved professional development and certification courses to each employee shall be \$750 for the twelve (12) month period September 1, through August 31, in which the course(s) are completed and requests receive final approval by the Human Resources Manager. Money used for professional development and certification courses will be deducted from the employee's total annual tuition reimbursement allocation.

Any Association employee who voluntarily elects to separate from the City shall be required to reimburse the City for all tuition reimbursements received in the 24 months preceding such separation, at the rate of 1/24th for each full month he/she separates prior to twenty-four (24) months.
